MISSION FIRST

Improving the lives of people affected by blood cancers is the responsibility of everyone at The Leukemia & Lymphoma Society of Canada (LLSC). This mission guides all decision making, regardless of job function. Understanding and addressing the needs of people affected by blood cancers is fundamental to who we are and what we do. We are mission driven:

- dedicated to serving the blood cancer community
- committed to learning about blood cancers, LLSC services and new treatment options
- empowered to take ownership of our mission by informing, educating and connecting people to LLSC services

You are...

...eager about connecting with people and making a difference in the community. You are compassionate in outlook and driven to do work that matters. You are dynamic, innovative and up for a challenge. You are driven to grow our existing core of loyal and engaged community supporters. You are excited about motivating volunteers, thrive at setting and delivering on big goals, and have the ability to mobilize others for a cause they are passionate about. **You are a natural coach who delivers on developing and supporting volunteers to achieve big goals**, who puts the needs of the blood cancer community first. You yearn for freedom to work on your own terms and embrace the responsibility that comes with that.

You are looking for a permanent Work from Home position in the Vancouver area.

Note: although this is mostly a work-from-home position, the successful candidate will be expected to attend meetings with volunteers, colleagues, supporters and other stakeholders in and around the Vancouver Area. (*COVID permitting)

We are...

...The Leukemia & Lymphoma Society of Canada (LLSC). We want to rewrite the non-profit business model and have started by taking a hard look in the mirror. We have emerged with a renewed focus and commitment to advance patient and research outcomes through employee engagement.
